DETAILED ACTION

Response to Arguments

1. Applicant's arguments filed 7/15/05 have been fully considered but they are not persuasive. Applicant essentially argues that the combine thermosetting and thermoplastic binder materials comprise 56.78% of the mixture, which is outside claim 1 limitation. However since individual polymer binder's percentage as taught by the reference is still within the claimed range, the reference therefore teaches employing "a polymer binder" having the claimed weight percentage.
2. Amendment to specification, page 13, line 17 is noted. The Examiner wishes to comment in that there is no change as regarded to polyvinylacetate but only to the punctuation after it.
3. Claims 1-7, 9-11, 34-43, and 50-51 are remained rejected under 35 U.S.C. 103(a) as being unpatentable over Gardner et al. (U.S. Patent No. 4,554,218). The rejection was made in the previous office action, paragraph 3 and is incorporated herein by reference.
4. Claims 12-13, 32, 45-46 and 49 are remained rejected under 35 U.S.C. 103(a) as being unpatentable over Gardner et al. in view of Bray et al. (U.S. Patent No. 6,048,379). The rejection was made in the previous office action, paragraph 4 and is incorporated herein by reference.
5. Claims 14-15 and 47-48 are remained rejected under 35 U.S.C. 103(a) as being unpatentable over Gardner et al. in view of Luk (U.S. Patent No. 5,782,954). The rejection was made in the previous office action, paragraph 5 and is incorporated herein by reference.

Conclusion

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing

date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
